

TRAME COLLECTION

Le carte sono come tessuti che rivestono e vestono letteralmente le pareti: se c'è un abito giusto per ogni occasione, allora esiste anche una carta da parati perfetta per ogni stanza. Scegli quella più adatta al tuo stile e falla indossare alla tua parete.

These wallpapers are like fabrics that cover and literally dress your walls. If there is a perfect dress for every occasion, then there is also a perfect wallpaper for every room. Choose the one that best suits your style and dress your wall in it.

Le carte da parati ricoprono i muri come se fossero morbidi tessuti di un tempo, fanno viaggiare con la mente ad altri luoghi ed epoche, arricchiscono l'ambiente con eleganza e fascino. Le tonalità calde e le trame materiche creano effetti di inesauribile raffinatezza.

Wallpapers cover the walls as if they were soft fabrics from the past. They make your mind wander to other places and ages while adding elegance and style to any interior. Warm tones and textured patterns create endlessly refined effects.
