DESALTO

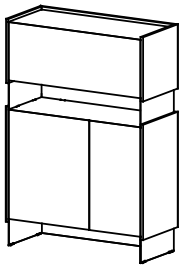
Stac

Giacomo Moor

The Stac containers family was created from the concept of offering different types of furniture with different functions, not by means of variations in size, but by stacking the elements. Each module is in fact made of a monolithic wooden volume, supported by a thin metal sheet that can be inserted into the module below, creating an open compartment and allowing stacking.

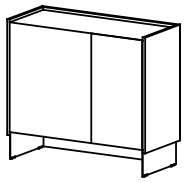
Available models

Wooden containers system with metal sheet structure.



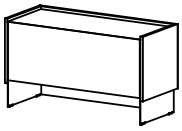
Stac

width 105 cm
depth 45 cm
height 155 cm



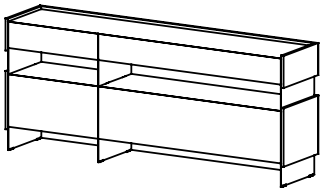
Stac

width 105 cm
depth 45 cm
height 95 cm



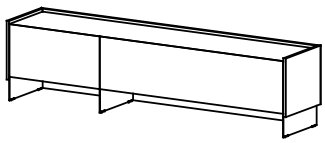
Stac

width 105 cm
depth 45 cm
height 60 cm



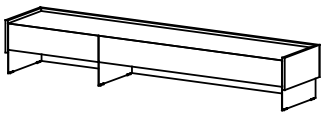
Stac

width 215 cm
depth 45 cm
height 90 cm



Stac

width 215 cm
depth 45 cm
height 54 cm



Stac

width 215 cm
depth 45 cm
height 36 cm
