

# LEPUS

COMPLETAMENTE SFODERABILE / COMPLETELY REMOVABLE FABRIC / COMPLÈTEMENT DÉHOUSSABLE / VOLLSTÄNDIG ENTFERNBAR

## STRUTTURA

Sedute realizzate con pannelli in multistrato da 18mm rinforzate con masselli portanti in legno di abete massiccio di spessore 30mm.

Schiene realizzate in agglomerato di legno da 18mm.

Il tutto in classe E1, pertanto a bassa emissione di formaldeide.

## IMBOTTITURA

Sedute in espanso indeformabile 30SR ricoperto con resinato da 200 gr. accoppiato a maglia 100% poliestere.

Schiene in espanso indeformabile FEE21 ricoperto con resinato da 200 gr. accoppiato a maglia 100% poliestere.

Cuscini schiena in "pelle d'uovo", cotone, poliestere a camere separate riempite con misto piuma sterilizzata e fiocco di poliestere vergine 100%.

## PIEDI

In metallo pressofuso H.14 in due finiture: Nero opaco e Acciaio satinato. Dotato di gommino antiscivolo.

Piede in vetro trasparente H.14 fissato alla struttura tramite apposito sistema a staffe. Dotato di polimero trasparente fungente da antiscivolo e antigraffio.

## FRAME

Seats made from 18 mm multi-layered panels reinforced with 30 mm thick solid fir wood supporting frame.

Backs made of 18mm particleboard. All in Class E1, therefore with low formaldehyde emissions.

## PADDING

Seats made of 30SR non-deformable foam covered with 200 g resin bonded to 100% polyester jersey.

Backs made of FEE21 non-deformable foam covered with 200 g resin bonded to 100% polyester jersey.

Muslin back cushions made of cotton and polyester in separate chambers stuffed with sterilised mixed feather padding and 100% virgin polyester flock.

## FEET

Die-cast H 14 metal foot available in two finishes: matt Black and satin-finished Steel. Fitted with non-slip rubber pad.

Transparent glass foot H.14 fixed to the frame by means of special bracket. Fitted with transparent non-slip, non-scratch polymer pad.

## STRUCTURE

Assises réalisées avec des panneaux en multicouches de 18mm renforcées par du pin massif portant d'épaisseur 30mm. Dossiers réalisés en bois aggloméré de 18mm. Le tout en classe E1, donc à basse émission de formaldéhyde.

## REMBOURRAGE

Assises en expansé indéformable 30SR recouvert par 200gr de résiné accouplé à une petite maille 100% polyester.

Dossiers en expansé indéformable FEE21 recouvert par 200gr de résiné accouplé à une petite maille 100% polyester.

Coussins du dossier en "peau d'œuf", coton, polyester à chambres séparées rembourrées par un mixte de plume stérilisée et de flocon de polyestère 100% vierge.

## PIEDS

En métal moulé sous pression H. 14 en deux finitions : Noir opaque et Acier satiné. Équipé de caoutchouc antidérapant. Pied en verre transparent H. 14 fixé à la structure par un système à supports spécial.

Equipé de polymère transparent agissant en tant qu'antidérapant et anti-rayures. Der transparente Glasfuß H.14 wird mit einem speziellen Halterungssystem an der Struktur befestigt. Ausgestattet mit transparentem Polymer, das rutschfest und kratzfest ist.

## KORPUS

Sitzflächen aus 18mm Sperrholzplatten, verstärkt mit 30mm Massivholz aus Tanne als tragendes Element.

Rückenlehnen aus 18 mm Spanplatte.

Alles entspricht der Klasse E1, also mit geringer Formaldehydabgabe.

## POLSTERUNG

Sitzflächen aus formstabilem Schaumstoff in 30SR, bezogen mit gehärtetem Material zu 200g, auf das 100% Polyester-Jersey aufkaschiert ist.

Rückenlehnen aus formstabilem Schaumstoff in FEE21, bezogen mit gehärtetem Material zu 200g, auf das 100% Polyester-Jersey aufkaschiert ist.

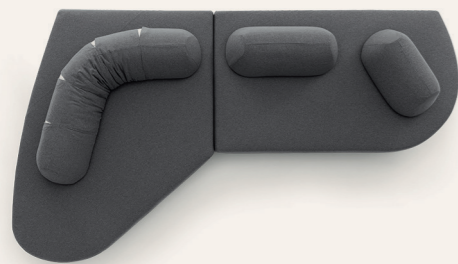

Rückenkissen mit Musselinbezug, Baumwolle, Polyester, mit getrennten Kammern, die mit sterilisierten Federn und 100% Polyester-Stapelfaser gefüllt sind.

## FÜSSE

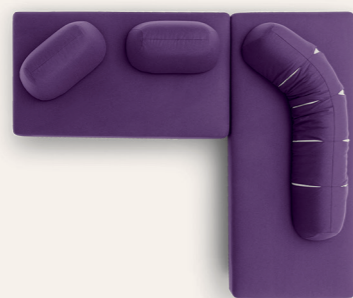

Aus druckgegossenem Metall, H.14 mit zwei Finishes: Mattschwarz und Stahl satiniert. Ausgestattet mit rutschfestem Gummi.

Der transparente Glasfuß H.14 wird mit einem speziellen Halterungssystem an der Struktur befestigt. Ausgestattet mit transparentem Polymer, das rutschfest und kratzfest ist.
