

# BOTERA

by e-ggs

Imbottita con quattro tipologie di gomme diverse, lo studio di Botera si concentra sulla comodità. Da un cuscino paffuto si espande lo schienale, alto o basso, che porta la poltrona a dialogare con un linguaggio modulare. È proprio nelle composizioni, infatti, che Botera diventa un elemento di condivisione dal quale si sviluppa la vita sociale, abbattendo gli ultimi limiti tra domestico e contract a favore di uno spazio ibrido, morbido e personale. A Botera piace stare in compagnia, soprattutto nei luoghi pubblici, ma a casa se la passa bene anche da sola.

Padded with four different types of foam, Botera's design focuses on comfort. A chunky cushion forms the base from which the high or low backrest is developed, making this armchair ideal for use in modular arrangements. And it is precisely through its compositions that Botera brings people together and encourages them to socialise, breaking down the final boundaries between home and contract settings to create a soft, personal, hybrid space. Botera loves being in company, especially in public spaces, but at home it also enjoys being on its own.
