

VALERIE

by Giopato&Coombes

Seduta realizzata completamente in legno curvato. Vuole essere l'espressione dell'archetipo della seduta, sia per il materiale utilizzato che nella forma. Non vuole stupire, ma assolvere la sua funzione primaria: accogliere. La composizione si sviluppa nella contrapposizione tra la struttura essenziale e la seduta realizzata in legno curvato. Due linguaggi destinati ciascuno ad assolvere una funzione specifica, il supporto e il comfort.

The chair is made in bended wood. It represents the essence of the sitting archetype, due to the used materials and to the form. Doesn't want to impress, just to perform in the better way the primary function: to accommodate. The chair develops the contrast between the essential structure and the wooden seat: the first devoted to the support and the second, to the comfort.
