

Dioniso by CMP Design

IT Un' eleganza semplice e senza tempo, dettagli ricercati dal carattere sofisticato. La lavorazione artigianale del legno massello sposa un design dalle linee solide ed affusolate, assicurando una dolce tattilità. Ampii cuscini imbottiti in piuma costituiscono la testiera, morbido sostegno per chi si riposa. Apprezzabile l'inclinazione delle gambe posteriori nella versione con vassoi laterali: pratici piani d'appoggio rotanti, sempre a portata di mano.

EN Timeless simple elegance, sophisticated, appealing details. Handcraft workmanship applied to solid wood is paired with sturdy, tapered lines for a soft-touch design. The headboard boasts large, feather-filled cushions that create a soft headrest to relax on. The version with side trays features attractive, inclined, back legs that support practical, handy, rotating tops.
