Copa is the result of Viccarbe's constant search for extraordinary comfort. Its silhouette, inspired by the shape of an elegant glass, perfectly synthesizes the idea of David Ramos & Jordi Bassols about contemporary design. This new chair was born as a product of defined, warm and attractive lines, outstanding thanks to its versatility and adaptability to many different spaces.

## Ramos&Bassols

After several years of experience in different fields such as urban furniture, tableware, lighting and office furniture, etc... David Ramos and Jordi Bassols have created in 2004 Ramos + Bassols studio.

Based in Barcelona, they offer a personal view on contemporary design. "We always search the balance between form, function and aesthetics in our products".

In the last years, the studio has received several international awards such as: Hospitality Design Product 2010, International Interior Design Association 2010 award, The IF Design award 2015, the Red Dot Award 2015, and the Gold award Best of Neocon in 2016.
